ABDUL MANAF M

With a strong track record in full-stack web development and eCommerce platforms, my role at techcarrot focuses on AI-powered web solutions that drive business growth and improve user experiences. I leverage advanced technologies like WordPress, WooCommerce, Shopify, CS-Cart, CodeIgniter, HTML5, and modern JS frameworks, combined with AI tools and prompt engineering, to create intelligent, responsive, and high-performing websites.

I excel in user-centric design, API integrations, On-site SEO, and performance optimization, and my leadership and technical contributions were recognized with the High Flyer Award for excellence.

Core strengths include

- AI-powered WordPress and WooCommerce development
- Developing custom WordPress themes and plugins from scratch
- Advanced WordPress theme/plugin customization and optimization
- On-site SEO and website performance enhancement
- Expertise in popular WordPress themes (AVADA, DIVI, Jupiter, The7, Bridge, Salient)
- Mastery of WordPress plugins: Contact Form 7, WooCommerce, Booking Calendar, ACF Pro, Elementor, Visual Composer, and more
- End-to-end website support: core/plugin updates, speed optimization, and security
- PSD/XD/Figma to HTML5/WordPress (responsive and mobile-friendly)
- Shopify, CS-Cart, and headless CMS like Strapi
- Server administration: Dedicated servers, AWS setup, and cloud optimization
- AI integration: prompt engineering for automated content, UI/UX generation, and workflow enhancement
